Slip 'Head collar' leads

Available in rope & braid

Used as a slip 'Head collar'

Our KJK Slip leads are designed to offer a lead that can be adjusted to suit your dog for comfort and security. Quick and easy to use
Our slip leads can also be made into a slip 'Head collar' Perfect to control and train a dog that pulls

To turn our slip lead into a 'Head collar' lead

While the slip lead is over your dogs head pull some extra rope through the lead, twist to make a loop and pull up over your dogs muzzle/nose. You now have a head collar that works and controls your dog from the back of the neck as a normal slip or clip lead with a collar would; but with the 'head collar' lead your dog will be more responsive to you, responsive to training and will be less likely to pull.

Used as a slip lead

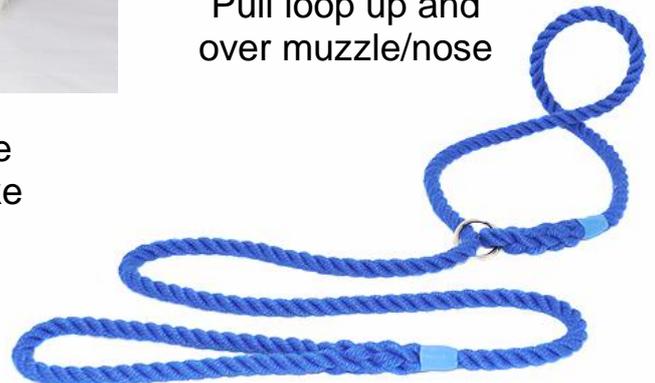

Pull some rope through to make a loop

Pull loop up and over muzzle/nose

Cross under the chin

Our rope and braid leads are light, strong, durable and washable and made from the highest quality materials in our Devon workshop. **KJK** Ropeworks design and manufacture rope and braid dog leads, specialist webbing leads and traditional whistle lanyards in cord and leather. Company established by Kevin Keatley in 1983.
